

COMPREHENSIVE
CANCER CENTERS
OF NEVADA

Welcome to My Care Plus

Hello –

Welcome to Comprehensive Cancer Centers of Nevada's patient portal, My Care Plus.

One of the many features of the My Care Plus patient portal is Secure Messaging. Secure Messages can be sent by the patient to the Comprehensive Cancer Centers of Nevada (CCCN) Team, or by the CCCN Team directly to the patient.

We encourage patients to use Secure Messages in the portal for any non-urgent needs such as rescheduling an appointment, prescription refills, etc. The Secure Messaging queue is checked frequently throughout the day.

We are sending you this Secure Message today to be certain you are able to receive such messages from us. In addition, we want to be sure we are receiving such messages from you. Please respond with yes to let us know that you are able to receive and send Secure Messages.

We look forward to this new method of communication with you. Thank you for choosing Comprehensive Cancer Centers of Nevada.

Sincerely,

The Staff at Comprehensive Cancer Centers of Nevada
